IoT - Machine Production Data Automation

Manage all your operations efficiently with DataNote ERP

Optimize your pharmaceutical operations seamlessly with DataNote ERP, ensuring streamlined processes and regulatory compliance. DataNote ERP empowers the pharmaceutical industry to achieve efficiency and quality in every aspect of operations from inventory management to batch tracking.

Pharmaceutical

Efficient Inventory Management
Real-time visibility into stock levels, expiration dates, and batch numbers optimizes inventory management.

Streamlined Manufacturing Processes
Integration of various functions like formulation management, production planning, and quality control.

Optimal Supply Chain Management
Provides end-to-end visibility and control over the pharmaceutical supply chain.

Financial Management and Cost Control
Centralizes financial data, automates accounting processes, and delivers accurate and timely financial reports.

Nutraceuticals

Formulation
Our Physical Property and Cost Analysis tools empower multiple formulators to efficiently develop and analyze formulations.

Intellectual Property Protection
Nutraceutical manufacturers prioritize protecting their proprietary formulations and processes from competitors.

Standardization
Batch production processes carefully consider expiration dates, quality statuses, and potencies when allocating raw materials.

Quality Management
DataNote solutions support quality management, including QC tests, SOPs, inspections, CAPA, and audits.

Manage all your operations efficiently with DataNote ERP

Optimize your pharmaceutical operations seamlessly with DataNote ERP, ensuring streamlined processes and regulatory compliance. DataNote ERP empowers the pharmaceutical industry to achieve efficiency and quality in every aspect of operations from inventory management to batch tracking.

Cosmetics

Serial Number and Lot Tracking
Our software simplifies inventory management with lot and serial number tracking in one platform.

Bill of Materials Management
The software supports both multi-level and single BOM structures.

Inventory Management
Get full visibility into item movement across the supply chain, from warehouse to customers.

Quality Management
Our ERP software manages minimum and reorder levels for each item, ensuring efficient order fulfillment and accurate delivery date allocation.

Ayurvedics

Formulation Management
Manufacturers can efficiently create and store recipes for various herbal and Ayurvedic products.

Batch Tracking
Ensure complete traceability and quality control with our robust batch tracking feature.

Compliance and Regulatory Support
Ensure effortless compliance with industry regulations.

Sales and Distribution
Manage sales orders, generate invoices, and streamline order fulfillment. Gain valuable insights into sales performance and customer preferences.

Quality Control
Implement stringent quality control measures throughout the production process.

# DataNote: Your Comprehensive ERP Solution

DataNote: Empowering Business Excellence

DataNote is a comprehensive ERP system meticulously crafted to optimize your business operations. Equipped with a suite of robust features, DataNote empowers you to streamline processes, augment efficiency, and propel growth.

Customizable Source Code

Tailor DataNote to your specific business needs with customizable source code, ensuring a seamless fit for your organization's unique requirements.
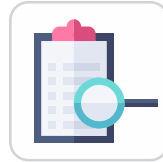

Audit trail log management

Maintain data integrity with DataNote's audit trail log management, providing a comprehensive record of all system activities for accountability and transparency.

Global Reach with Multi-language Support

Eliminate language barriers and foster effective collaboration across diverse teams and regions with DataNote's comprehensive multi-language support.

Machine integration for real-time data

Extend DataNote's functionality by seamlessly integrating with third-party applications, optimizing productivity and workflow efficiency.

Dynamic Functionality for Evolving Needs

Stay adaptable to changing business demands with DataNote's dynamic functionality, ensuring flexibility and agility in your operations.

Centralized Document Management

Organize and centralize your documents efficiently with DataNote's document management feature, facilitating information retrieval and collaboration.
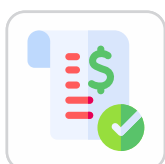

Stay Connected with WhatsApp Alerts

Enhance communication and collaboration by staying connected with your team and clients through DataNote's seamless WhatsApp integration.
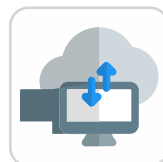

Easy data import feature

Migrate your existing data into DataNote effortlessly with our data import facility. Ensure a smooth transition without disruption to your operations.

Simplify Dynamic Tax Compliance

Simplify your dynamic tax compliance processes by integrating DataNote's GST and E-Way Bill features. Automate tax calculations and documentation for seamless compliance.
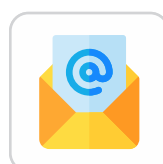

Ease in communication with Mailbox

Consolidate your communication channels with DataNote's mailbox integration. Centralize emails for efficient correspondence management and enhance collaboration.

Effortless Handling of Multiple Currencies

Simplify international transactions and expand your global reach with DataNote's multi-currency handling capabilities.
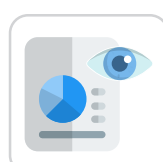

Flexibility Across Operating Systems

Access DataNote easily across various operating systems, ensuring compatibility and accessibility for all users.

Barcode and QR code integration

Enhance inventory tracking and management with DataNote's barcode and QR code integration, ensuring accurate stock management and efficient logistics.

Insights for Informed Decision-Making

Leverage the power of intelligent reports generated by DataNote to gain valuable insights into your business performance, enabling informed decision-making.

A Few of Our Customer's Insights

Client Name	: Renova Lifescience Pvt. Ltd.
Products	: Pharmaceutical Products Manufacturing
Locations	: 1 Factory & 2 Offices
Number of Users	: 50+
Client Since	: 2019
Departments of ERP	: CRM, Formulation, Sales, Procurement, Production, Finance, Quality, Logistics, Payroll

Client Name	: Zeon Biotech Pvt. Ltd.
Products	: Pharmaceuticals & Nutraceuticals Products Manufacturing
Locations	: 2 Factories & 3 Offices
Number of Users	: 15+
Client Since	: 2024
Departments of ERP	: CRM, R&D, Sales, Procurement, Production, Finance, Quality, Logistics

Client Name	: Remus Healthcare
Products	: Pharmaceuticals Products Exports
Locations	: 3 Offices
Number of Users	: 15+
Client Since	: 2022
Departments of ERP	: CRM, Sales & Marketing

Client Name	: Remember India Medicos Pvt. Ltd.
Products	: Skin Care Beauty Products Manufacturing
Locations	: 1 Factory & 1 Office
Number of Users	: 20+
Client Since	: 2022
Departments of ERP	: CRM, Sales, Production, Inventory, Quality, Logistics, Jobwork, Finance

Client Name	: Flavaroma Flavours & Fragrance Pvt. Ltd.
Products	: Flavours & Fragrances
Locations	: 2 Factories & 1 Office
Number of Users	: 50+
Client Since	: 2016
Departments of ERP	: Sales, Procurement, Production, Finance, Quality, Logistics, Sampling, Inventory
